

Keune x Myrah Event

beejliving A good hair day is a good day. 🐝

Yesterday, at the @myrahspa outpost in Juhu, I let the afternoon stretch out, slipping into the quiet luxury of @bcorporation verified @keune.india century-old Dutch craft—haircare without parabens, alcohol, or sulphates. The tinta range carries Ammonia; the So Pure does not. A leg massage kept me company, with @roshni_amin1 curating a fun afternoon with the girls.

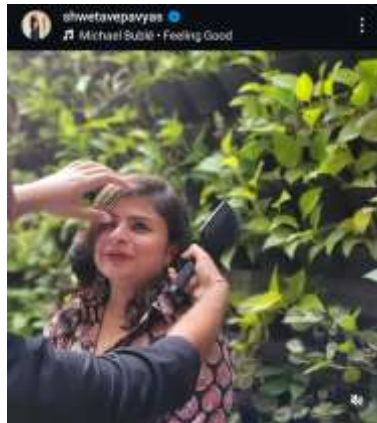

Later, at @innisfreeindia in @nykaaluxe, Palladium, the new sun serum arrived—SPF 50 PA++++, weightless, invisible, vegan, fragrance-free. For a month now, I've relied on their green tea seed hyaluronic serum, and in the thickening heat, my skin has only thrived. Looking forward to trying this one @minisoodbanerjee ❤️

shwetavepavyas Good hair = good day!

Spent a luxurious day with @keune.india the Dutch hair colour and haircare brand. Their vegan hair colours are not only gentle on the hair but also come in a wide range of shades—from classic golds and browns to the more playful reds and blues.

And of course, a visit to @myrahspa is always a treat with their luxurious services and fabulous attention to detail. After having been away from home the last couple of months, this hair refresh was just what I needed to get back into Mumbai mode. Thanks for having me @roshni_amin1
